URGENCY APPROVED BY: \_\_\_\_\_

Dear Instructor,

We increasingly receive requests for the urgent service of process on the same day they are delivered to our offices.

This hampers the normal flow of work through our offices and in addition is also an extreme costly process.

We do, however, realise that there may be certain process e.g. as a result of prescription which need to be served on the same day. We are more than willing to accommodate you in respect of these and similar cases.

In order to enable us to evaluate the urgency of your process, it will be appreciated if you will answer to questions below.

With kind regards
